Vocabulary

Morphemic Elements

V. 014

Root-A-Word

Objective

The student will identify words containing the same root.

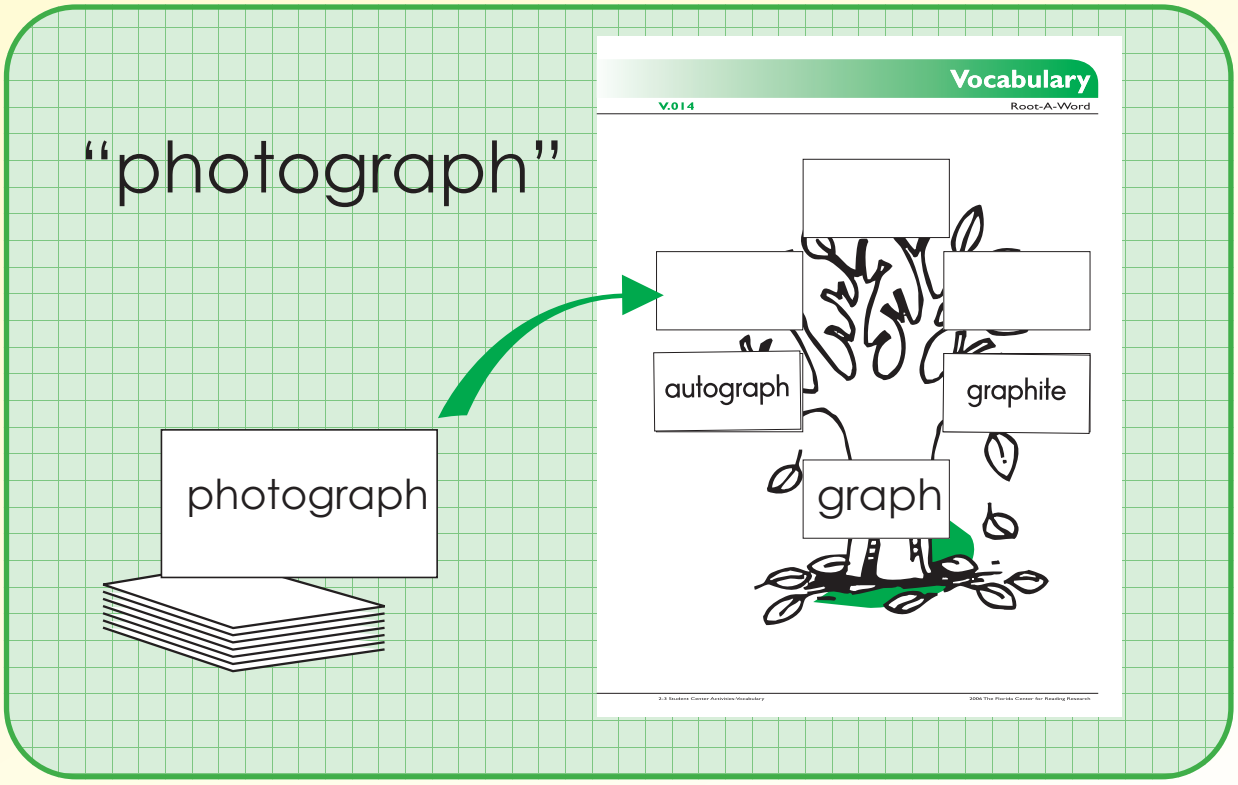
Materials

- Tree sort boards
  Note: Roots used are port-carry, act-do, graph-write, tract-pull or drag.
- Student sheet
- Word cards

Activity

Students identify and sort words by common roots.

1. Place the word cards face down in a stack. Place tree sort boards face up next to each other. Provide each student with a student sheet.
2. Working in pairs, student one selects top card and reads it (e.g., photograph).
3. States root portion of the word (i.e., graph).
4. Places word card on the tree sort board with matching root.
5. Reverse roles and continue until all words are sorted.
6. Record meaning of the root and words on student sheet.
7. Teacher evaluation



Extensions and Adaptations

- Write other roots and related words.
- Play memory game with cards by matching words with the roots.
